

Dear Svalbard Science Conference participant!

We are happy to inform you that your abstract has been accepted for a poster presentation. The poster session is held in the afternoon of the first day, November 2<sup>nd</sup>. The poster walls will be available from the morning and marked with your abstract number. Please see attached file with your abstract number. The poster session takes place on the 2<sup>nd</sup> of November from 16.00-18.30.

The conference aspires to enhance cooperation and quality within Svalbard research, build and strengthen interdisciplinary and international networks and consolidate Svalbard as an attractive platform for Arctic research. The abstracts are selected to give examples of current research relevant to this overarching topic. When preparing your contribution please keep in mind that this is not meant to be only a presentation of your individual results. This is your research in a broad setting and a chance to communicate to a wider audience how this is important to the whole scientific community. Focus on how your research contributes to answer questions of global importance and interest. Please read the description of the session you are contributing to carefully to ensure that your presentation is addressing that topic.

Maximum poster size is A0 portrait. If you need to print your poster you can order from [www.vistaprint.no](http://www.vistaprint.no) (or another company of your choice) and ship to:

The Research Council of Norway

Postboks 564

1327 Lysaker

Att: "*your name*" SSC2021 – Marianne Johansen

Please note the delivery times, the poster must be delivered to the RCN latest by October 26<sup>th</sup>. Remember to add your name to the address. If you have any questions, please do not hesitate to contact [kab@rcn.no](mailto:kab@rcn.no) or [mjo@rcn.no](mailto:mjo@rcn.no).

Please let us know if you will not attend the conference with your presentation. If you have not already done so you have to register for the conference [here](#). We have a limited number of places and submitting an abstract does not guarantee you a place until you have registered and paid. If you are interested in participating, please send a few lines about your mishaps to [kab@rcn.no](mailto:kab@rcn.no) .

We are looking forward to seeing you at the Svalbard Science Conference 2021.

On behalf of the scientific committee,  
Karoline Bælum, The Research Council of Norway
